WINS the First Purse for Beaten Horses on the Hill.

SANDSTONE DEFEATS PELHAM.

Morris Brings Lester Home an Easy Winner from Seven.

OFFICIAL TO THE EVENING WORLD.

GUTTENBURG RACE TRACK, March 10.—Notwithstanding the snowstorm this morning the Hudson County Jockey Club determined to have racing at Guttenburg this afternoon.

Stranor to say, the track was as dry as a chip and in first-class condition when the racing began.

The card was not an extra good one, but it promised fair sport and a medium for speculation, and the crowd was satisfied.

The opening event contained a very fair lot, with the unfortunate Maxim nipping a lot of favorites, as usual, she finished close up and was coming second, but failed to win.

The winner was Harriehurst, an 8 to 1 shot, who won handily. Moonstone, the good thing, was second.

In the second race Lester, the colt whose last performance was the subject of so much adverse criticism, was a hot favorite at odds on.

Morris had the mount, and Lester romped in ahead of his field in such an easy manner that the criticism was simply substantiated.

Seven, a rank outsider, just beat innovation, a strong second choice, out for the place.

Pelham was a hot favorite for the third race, and was strongly supported throughout. The good thing was Cassella, who was backed to win handily. Sandstone and Voburg were neglected.

The favorite and Sandstone had a red-hot finish, and poor riding of Melton on Pelham let Sandstone win in the last jump. Cassella was third.

NEW CONGRESS DISTRICTS.

As Proposed in an Apportionment Bill Introduced To-Day.

Seventeen Are Democratic, Fourteen Republican and Three Doubtful.

ALBANY, March 10.—Senator Cator today introduced the Congressional Reapportionment bill. In introducing it he said:

"Congress has allotted to the State of New York thirty-four members of the House of Representatives and has directed the State to apportion them among districts which shall contain as nearly as practicable an equal number of inhabitants, based on the Federal census of 1900."

There are only two districts which much exceed the standard ratio, the Twenty-second (200,083) and the Thirtieth (202,416).

"But the population in these districts is not increasing," explained the Senator, "and the varying size of the counties makes absolute equality impossible."

The Senator showed that in each of the Congressional Districts in New York City, numbering from the seventh to the sixteenth inclusive, under the proposed bill, contain an average population of 171,274.

"The remainder are almost always be counted Democratic. Three are doubtful. The remainder are almost surely Republican. At present, in the House of Representatives, there are 23 Democratic members from this State and 11 Republicans."

Under the proposed bill, in recent elections in this State would justify a greater number of Republican districts than at present.

The Assembly District and Ward divisions referred to in the bill are those at present existing.

G. H. Bush introduced the bill in the Assembly.

He divided the districts as apportioned by the bill:
